

Dollars During Development

Teaching the Children in Your Care Essential Money Skills

FREE Program Offered to Child Care Providers, Early Childhood Teachers, Parent Educators and Parents.*
Presented by Paula Hella, Family Living Educator, UW-Extension Calumet County.

Help young children learn about math and money with age appropriate games, books and lessons. Providing children financial information/knowledge early, creates more confident and engaged adult consumers.

We will provide:

- ▶ A list of suggested children's books to teach money concepts.
- ▶ Strategies to encourage parent/child discussion around the topic of money.
- ▶ Guidance on additional resources to help build a financial education foundation.

We will discuss:

- ▶ The relationship between executive functioning and future financial well-being.
- ▶ Developmentally appropriate financial foundation building concepts and activities.

September 12, 2017
Chilton Public Library, 6-8 pm

Register no later than August 20 at <http://bit.ly/2puwEL8>
or by calling: (920) 849-1450
